## Company Profile

### Overview :

Atul Brass Works has been working in the doors and windows hardware industry since its establishment in 1963, with over six decades of expertise, the company has built a reputation for delivering high-quality, durable, and aesthetically pleasing hardware solutions under its renowned brand, **etts**®.

### Products and Services :

The company specializes in designing and importing a comprehensive range of hardware products for doors and windows.

### Key Strengths :

**Quality Craftsmanship** : Each product is crafted with precision using high-grade materials, ensuring superior durability and performance.

**Innovative Designs** : **etts**® is known for its modern yet timeless designs, catering to diverse architectural styles and customer preferences.

**Customer Trust** : Atul Brass Works has cultivated long-standing relationships with clients, becoming a trusted partner for homeowners, architects, and builders.

### Legacy and Vision :

Atul Brass Works has remained committed to excellence since its inception. The company continuously strives to innovate and expand its product portfolio, ensuring it stays ahead in the competitive market. With a deep-rooted legacy and a forward-looking approach, Atul Brass Works aims to uphold its position as a leader in the hardware industry while catering to evolving customer needs.
