EVOLVING, EXCELLENZA IN TOUCHING LIVES

While the core beliefs and earnest business practices have remained the same, a lot of other things are going through transformation, with the change in name.

As the new identity "Excellenza" reflects, we are now aiming at offering truly innovative, path-breaking and revolutionary products and solutions.

The group is now blessed with fresh thinking and ideation, with the new generation assuming active role in the management. We are looking at expanding our product range in thoughtful manners, with an aim of touching lives in the most meaningful ways.

JOURNEY TO EARNING TRUST

Excellence requires experience and time to evolve. But when the endeavours are blessed with fresh thinking and a burning zeal to transform lives, they take desired form swiftly. The story of Excellenza is somewhat similar.

We started our journey with trading in architectural hardware. Since the beginning, we have focused our efforts on just one simple aim: delivering the finest and developing long-term relations.

Insightful business innovations and trustworthy approaches gave momentum to our activities and in the year 2000 we started formalizing and expanding our business under the banner of "Atul Brass Works".

Over the years we have accentuated on upgrading and ensuring the quality of our products as per the international standards. With state-of-the-art research and development facilities, we strive to set benchmarks in whatever we do and offer.

Surpassing the expectations has become a way of life for us. Over the years, earning unflinching trust of scores of business associates and customers has been our biggest achievement. Encouraged with positive vibrations from the markets, we have expanded our product portfolios and ventured into many fields. And now, we are further expanding our wings, under the umbrella identity of EXCELLENZA.

Introducing Next Generation Self Adjusting Sliding System (Left-Right & Up-Down)

- ▶ Telescopic Sliding System
- ▶ Synchronise Sliding System
- ▶ Sliding Folding System
- ▶ Single Door Sliding System

Upgrade your sliding door's performance with our high-quality Auto Adjustable Sliding Door Roller Wheel, designed for smooth, silent, and effortless operation. Engineered for convenience and durability, this roller wheel features automatic left-right and up-down adjustability, ensuring optimal alignment and smooth movement regardless of door size or weight.

Features :

- ▶ Auto Adjustable Design : Self-aligning mechanism adapts to slight shifts in the door's position both horizontally and vertically, reducing the need for manual adjustments.
- ▶ Smooth Operation : Precision bearings ensure quiet and fluid movement, minimizing resistance and noise during opening and closing.
- ▶ Durable Construction : Made from corrosion-resistant steel and high-strength nylon wheels for long-lasting performance in various environments.
- ▶ Upgrade today and experience the ease of automatically balanced sliding doors with our advanced roller system.

Self Adjusting Sliding Wheel

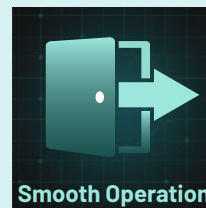

Next Generation Sliding Door System

Key Innovations:

- ▶ Self Adjusting Horizontal & Vertical Sliding Wheel
- ▶ Glide with Precision – Adjusts Itself, Moves Like Magic
- ▶ Effortless Sliding
- ▶ Silent. Smooth. Auto-Adjusting Roller Perfection

SINGLE DOOR SLIDING SYSTEM

WARDROBE CONCEALED - SLIDING SYSTEM

Accessories

Concealed Soft Close Device
Qty : 4 Pcs.

Upper Track & Down Track Runner
Qty : 8 Pcs.

Profile End Cap
Qty : 8 Pcs.

Up & Down Same Track
Aluminium Track Code : (WC-39)
Qty : 4 Pcs.

Code	Door Weight	Door Thickness	No. of Doors
WR-39	≤ 40 Kgs	18 to 25 mm	2

Features

- ▶ Easy installation device & Both way soft closing
- ▶ Concealed soft closing device

Features

- ▶ Door Thickness 18mm to 25mm
- ▶ Application for wooden wardrobe
- ▶ Automatic position of soft closing device
- ▶ Easy to regulate the door gap by adjusting screw on runner
- ▶ High quality German imported POM material runner, which gives high strength to runner.

SMART FURNITURE MECHANISM

► Coffee Table (Lift Up) • CTB-200

Soft Closing

Material : Hardened Cold Rolled Steel

Finishing : Black Electrophoresis

Code	Table Size	Lift up Height
CTB-200	Free Size	344mm

Features

- Multipurpose use
- Elegant appearance
- Storage under lift up
- Tabletop can lift up and forward to create versatile work surface for mobile computing, reading, dining and crafting

► Coffee Table (Lift Up) • CTB-100

Material : Hardened Cold Rolled Steel

Finishing : Black Electrophoresis

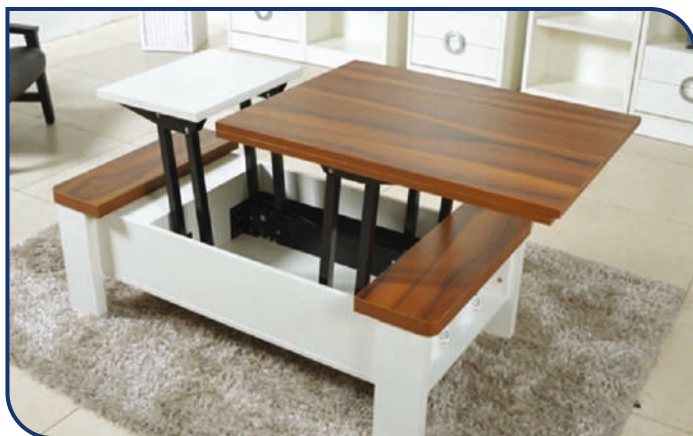

Code	Table Size	Lift up Height
CTB-100	Free Size	198mm

Features

- Multipurpose use
- Elegant appearance
- Storage under lift up
- Tabletop can lift up and forward to create versatile work surface for mobile computing, reading, dining and crafting

SMART FURNITURE MECHANISM

► Coffee/Dining Table (Lift Up) • DTB-300

Soft Closing

Material : Hardened Cold Rolled Steel

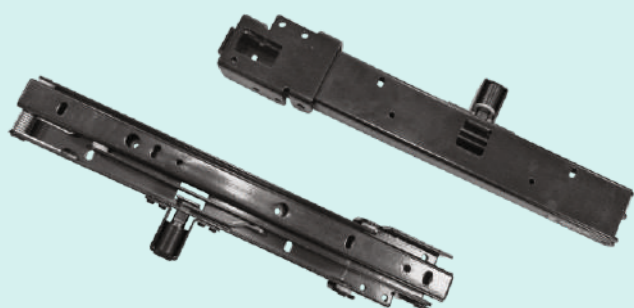

Finishing : Black Electrophoresis

Code	Table Size	Lift up Height
DTB-300	Free Size	510mm

Features

- Multipurpose use
- Elegant appearance
- Storage under lift up
- Can be Used as a Dining table / Coffee table
Reading table

► Shoe Cabinet Folding Desk • SFD-750

Material : Hardened Cold Rolled Steel

Finishing : Black Electrophoresis

Code	Size
SFD-750	750mm

Features

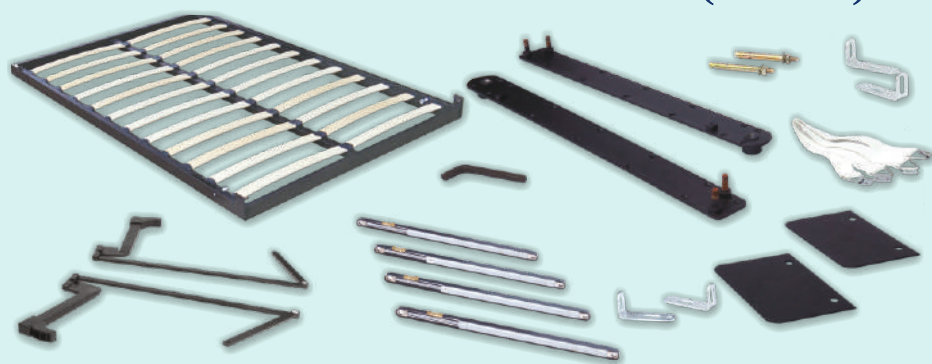

- Ease of use
- Comfortable to sit and wear Shoes
- Save Lots of Space

SMART FURNITURE MECHANISM

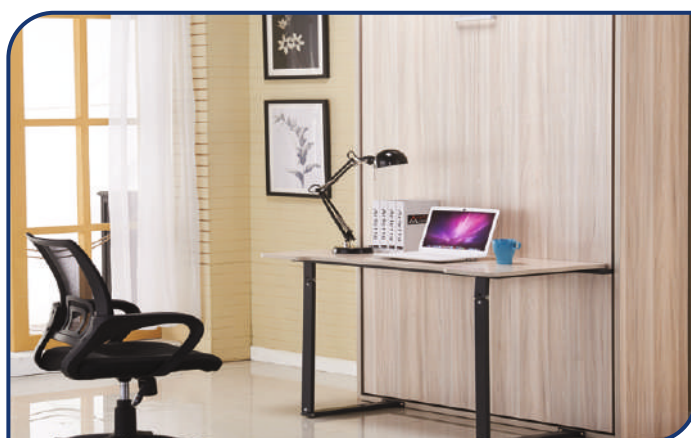

Wall Bed (Vertical)

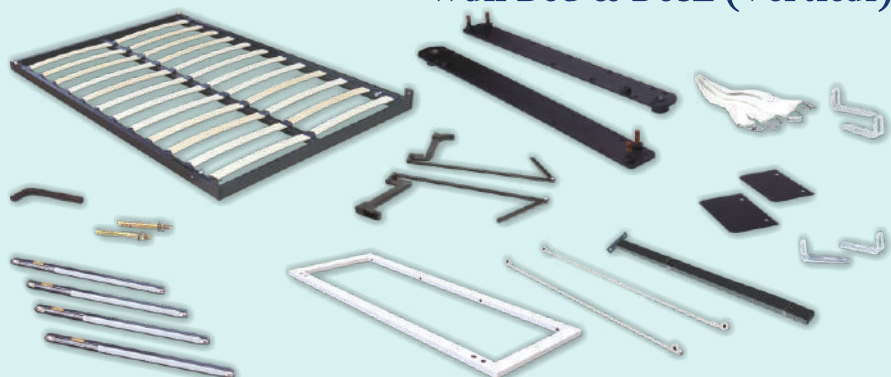

Code	Size
WB-900-V	900 x 2000mm
WB-1500-V	1500 x 2000mm

Features

- ▶ Wall Mounted, Collapsible
- ▶ Saves a lot of Space
- ▶ Ease of use
- ▶ Comfortable as a Conventional Bed

Wall Bed & Desk (Vertical)

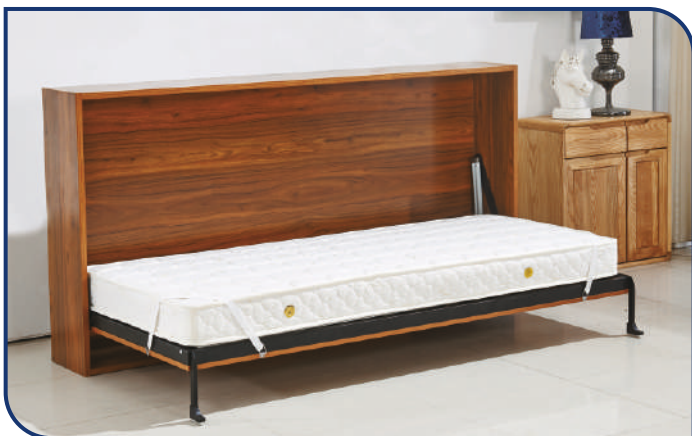

Code	Size
WB-900-Desk	900 x 2000mm
WB-1500-Desk	1500 x 2000mm

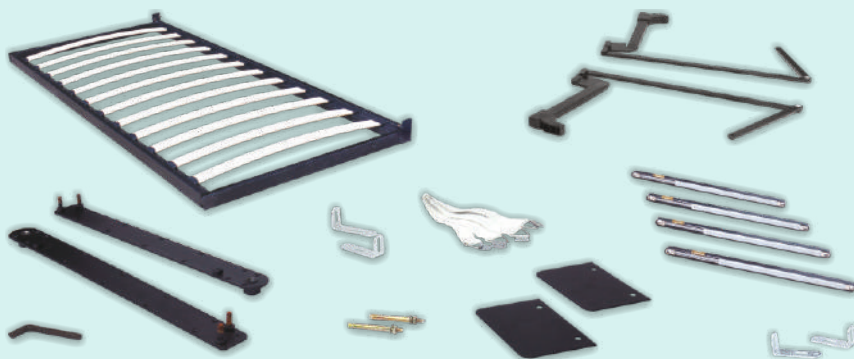

Features

- ▶ Wall Mounted, Collapsible
- ▶ Saves a lot of Space
- ▶ Ease of use
- ▶ Comfortable as a Conventional Bed
- ▶ Usable as Study table, Writing desk

SMART FURNITURE MECHANISM

Wall Bed (Horizontal)

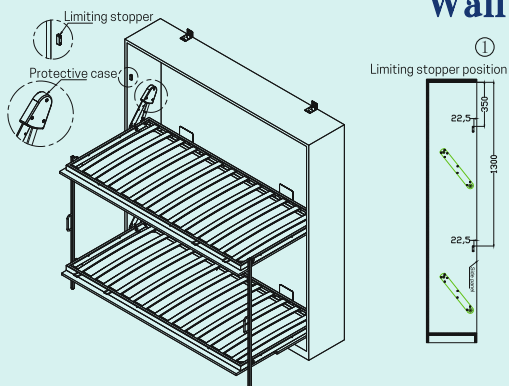

Code	Size
WB-900-H	900 x 2000mm
WB-1500-H	1500 x 2000mm

Features

- ▶ Wall Mounted, Collapsible
- ▶ Saves a lot of Space
- ▶ Ease of use
- ▶ Comfortable as a Conventional Bed

Wall Double Bed (Horizontal)

Code	Size
WB-DBL-H	900 x 2000mm

Features

- ▶ Wall Mounted, Collapsible
- ▶ Saves a lot of Space
- ▶ Ease of use
- ▶ Comfortable as a Conventional Bed
